Imitations Are Dangerous.
AN OHIO druggist writes to "The Practical Druggist," a prominent New York Drug Journal, as follows: "Please furnish formula for Castoria. All the formulas I have worked with are either ineffective or disagreeable to administer." To this "The Practical Druggist" replies: "We do not supply formulas for proprietary articles. We couldn't if we wanted to. Your experience with imitative formulas is not surprising, but just what is to be expected. When Castoria is wanted, why not supply the genuine? If you make a substitute, it is not fair or right to label it Castoria. We can give you all sorts of laxative preparations for children, but not Castoria, and we think a mother who asks for Castoria would not feel kindly toward you if you gave her your own product under such a name." No mother with a spark of affection for her child will overlook the signature of Chas. H. Fletcher when buying Castoria.

Net Contents 15 Fluid Ounces

900 DROPS

THE CENTAUR COMPANY, NEW YORK.

At 6 months old 35 Doses, 35 CENTS

Exact Copy of Wrapper.

Children Cry For Fletcher's CASTORIA

Mothers Must Use Care.
Why do we so often call your attention to imitations of Fletcher's Castoria? Because it is a baby's medicine and imitations are always dangerous, particularly imitations of a remedy for infants.

Your druggist may not keep an imitation but they are to be found on drug-store shelves. Reliable druggists think only of the welfare of their customers. The other kind only of the greater profit to be made on imitations.

Your own judgment tells you that Fletcher's Castoria having for over thirty years at great expense held up its reputation, must jealously guard it. Then, it follows that this company must use the very best of material. Must employ experts in the selection of the herbs. Must retain skilled chemists in its manufacture.

Your same good judgment must tell you that these irresponsible imitations are trading on your credulity and the reputation built up by Mr. Fletcher, during all these years, for his Castoria.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS
Bears the Signature of **Chas. H. Fletcher.**

THE CENTAUR COMPANY, NEW YORK, CITY.

In by tardy property owners here, he stated yesterday.

Unpaid taxes amount to \$750,000 at the present time. The last day on which taxes could be paid without the penalty was May 30, when about half of the \$9,000,000 levied was turned in.

\$100,000 Fire Destroys Big Coal Hoisting Tower

Quincy, Mass., July 2.—The big coal hoisting tower at the power plant of the Day State Street Railway company, here today was destroyed by a fire which caused damage estimated at \$100,000.

The fire, which started from an unknown origin, spread to the coal-laden barge Annapolis from Baltimore, a fireman, wearing army gas masks for the first time, got the burning barge out into the stream before the fire made headway.

TENANTS OF U.S. GET BIG PROFITS

Renters on North Capitol Park Addition Profiteering, Says Report.

An unusual situation with side-lights on profiteering by tenants of government-owned buildings was brought to light in the report of the United States Housing Corporation, which has just been submitted to Congress.

The buildings in question are located between the North Capitol Park and the Union Station Plaza. They are located on ground that has been condemned for use in the extension of the Capitol Park to connect with the open space about the railroad station. Pending the time of their raising, which was indefinite, the government rented these dwellings to all-comers at from \$1 to \$5 a month, with the stipulation that the tenants are to surrender possession on demand.

The report shows that in one of the 15-a-month houses there are twelve subtenants paying rent to the original tenant. Another interesting case is that of a woman who pays \$1 a month for a dwelling upon which repairs have been made amounting to more than \$250. Some of the buildings are used jointly as business places and boarding houses at considerable profit to the renters.

BUREAU OF ENGRAVING AND PRINTING NEWS

William D. Clark, president of the Plate Printers' Union, Local No. 2, is back to work after a month's absence. Mr. Clark spent three weeks in Atlantic City, attending the American Federation of Labor convention and the last week in New York City with the convention of the International Steel and Copper Plate Printers' Union of North America.

Mr. Hawkins, of the engraving division, sustained painful injuries about his face and body in an automobile wreck at Thirteenth and D streets southwest, last Sunday evening.

Albert Huber, machinist, is sojourning in Warrenton, Ore., after being absent for about fifteen days.

An elaborate luncheon was served in the binder division Tuesday in honor of Mrs. Emma Nolan, who has resigned her position and expects soon to join her husband who is an officer in the navy and stationed at Honolulu. Those present were Mrs. Emma Nolan, Miss Margaret Kelly, Mrs. Dorothea Nicholls, Miss Lillian Smith, Miss Catherine C. Tracy, Miss Mignon Miller, Mrs. Irene Van Derhook, Miss Bertha Kirby, Mrs. Ella Williams, Mrs. Marie Reynolds and Miss Marguerite Reitz.

Miss L. Young, Miss Marie Tilton, Mrs. Virginia Simpson and Mrs. Mamie Rice, of the examining division, have all returned to work after more than a month's absence.

Mr. Wiltz, of the engraving division, is now running bachelor quarters at his home in Alexandria, Va. Mr. Wiltz bade farewell to his family Sunday when they sailed for Panama, where they will be guest of Mrs. Wiltz's sister for three months.

Mrs. Mary V. Lowe, forelady of the plater pressroom, has returned to work, after a spell of illness.

Johnny Campbell, of Section 6, left Tuesday night for a two weeks' vacation in Boston.

PLAN TO TAKE OVER RAILROAD EQUIPMENT

New York, July 2.—Formation of a corporation to take over all railway equipment purchased by the government during Federal control, estimated at \$100,000,000, is proposed in a plan made public by the Association of Railway Executives today. The plan was originated by a committee of prominent bankers and financiers.

It is proposed by this committee to sell to the public \$250,000,000 6 per cent fifteen-year equipment trust certificates and the remaining \$148,000,000 necessary to finance the purchase to constitute a stock issue which the United States Railroad Administration will be asked to subscribe.

Milk Goes Up 1 Cent At Two More Dairies

Wise Brothers' Chevy Chase dairy and Thompson's dairy, 3012 Eleventh street northwest, increased their prices from 14 cents to 15 cents per quart for milk yesterday, following the lead of the Oyster dairy at 1115 Connecticut avenue, which jumped its prices similarly the day before. Pints of milk sell for 9 cents at these dairies. Inquiries at half a dozen other local dairies elicited the fact that other dealers have not changed their prices, although several intimated that they might soon.

Lady Pattani, wife of Sir Prashamker Pattani, a member of the Executive Council of the Government of India, is visiting in London. Lady Pattani is the author of several books on life in her native land.

Red Cross to Aid in Quake.
The American Red Cross yesterday announced that it is in readiness to render assistance to the thousands believed to be homeless, as the result of the earthquake in Italy, which killed more than one hundred persons and injured several thousand.

GHERARDI PICKED FOR BERLIN POST

Naval Man May Be U. S. Envoy When Diplomatic Relations Are Begun.

Capt. Walter R. Gherardi, now commanding the battleship New Jersey at Boston Navy Yard, probably will be the first United States representative in Berlin when diplomatic relations with Germany are resumed, it was learned here yesterday.

Gherardi was naval attaché at Berlin from 1913 until the outbreak of the war.

Before an ambassador to Germany is named, it was said at the State Department, the American Embassy in Berlin will be opened with a charge d'affaires as head of it, and possibly with army and navy attaches.

The State Department had nothing to say with regard to the chance of Gherardi being appointed charge d'affaires.

Gherardi was born in Honolulu, and entered the Naval Academy in 1891.

Cotton Growers Favor Reduction of Acreage

New Orleans, La., July 2.—Directors of the American Cotton Association in session here today went on record in favor of putting the new \$100,000,000 Cotton Export Association behind the movement for a more drastic cotton acreage reduction campaign in 1920.

Organization of a \$200,000,000 corporation for marketing domestic cotton was also authorized by the directors.

OSCAR KELLER WINS ST. PAUL ELECTION

St. Paul, Minn., July 2.—Oscar Keller, Independent Labor candidate, to succeed the late C. C. Van Dyke as Congressman from St. Paul, was elected by a majority of 1,000, according to figures compiled today.

Keller, in a statement today, reiterated his platform announcement that he is for immediate ratification of the peace treaty and the league of nations covenant. He favors a comprehensive development policy for railroads, waterways and merchant marine and is for a five-year trial government management period for the railroads.

Press Club Play to Put Snap in Fourth Here

The stay-at-home Fourth of July celebration in Washington has had a fire-cracker finish tied to its tail by the National Press Club, which will have a private presentation of "The Volcano," the first play written for the screen by Augustus Thomas, dean of American playwrights, at Moore's Rialto Theater at 11 o'clock on the night of the Fourth.

Members of the Press Club and their guests, who will assemble at the theater at that hour, have been promised some patriotic thrills that will make the day more memorable. The play forecasts the true American solution of the problem of manufactured radicalism of a revolutionary nature.

Tom Moore has given the use of his theater and the W. W. Hodgkinson Corporation is sending the only existing print of the film from New York by special messenger for its presentation under direction of Rudolph Berger, their Washington representative.

Special Service to Beach.

Continuous train service to Chesapeake Beach will be maintained tomorrow after 9:25 o'clock to accommodate the Fourth of July crowds, according to announcement by the Chesapeake Beach Railway.

HINES WILL SEEK HIGHER RATES

Will Lay Railroad Situation Before President Upon His Return.

Director General Hines expects to consult with President Wilson on the question of another raise in freight rates soon after the President's return, it was stated authoritatively yesterday.

Hines will lay before the President at the same time detailed data on the railroad financial situation.

The country, however, will probably not know until October 1 whether it will have to pay increased transportation charges.

By that time, railroad officials said yesterday, they can tell whether the increase in rail traffic will be enough to offset increased operating costs.

Hines said July 1 requirements of the Railroad Administration had been met. They totaled \$25,000,000, while \$100,000,000 was available for meeting them. It was recently reported these debts could not be paid until the President signed the railroad appropriation bill.

5,200 "White Wings" On Strike in Chicago

Chicago, July 2.—Fifty-two hundred city street sweepers, teamsters and garbage handlers were still on strike here today. Timothy Murphy, their chief spokesman, said the strike would continue until a \$1 per day increase was granted.

The city hall appeared normal today with the return of the 50 clerks. Policemen and firemen were announced to be satisfied with raises granted them.

In Olde Virginia
Where Cigarette Tobacco was born

"Along toward early autumn, after the tobacco crop had been cured, and packed away in the barns, the planters from up and down the river would foregather, usually at the Strobridge place, thence to set out on the first fox hunt of the season."

—Early Virginia, page 243.

Times change, but Virginia tobacco still holds the world's favor

WHEN, in 1618, Virginia tobacco was introduced into England, it quickly became "the rage." Since then it has gained steadily in popularity all over the world.

In 1918, in the United States alone, five times more Virginia tobacco was smoked in cigarettes than all the foreign-grown tobaccos combined. That's because a cigarette of sun-ripened Virginia has a crisp, lively relish that no cigarette of foreign or mixed tobaccos can match.

Piedmonts—made entirely of choicest Virginia tobacco—will prove this to you.

The Virginia Cigarette

Piedmont

NOTE—Virginia tobacco is grown here in the U. S. A. Unlike foreign-grown tobaccos, it carries no import duty. Import duty doesn't make a cigarette any better—it merely adds to its cost. Piedmonts give you better value because all your money buys tobacco quality.

Leggett & Sons Tobacco Co.
